

GVIDO

How to back up the scores registered in My Library

1) Registering a GVIDO device to My Library

*If you have already registered, please refer to 2) below.

【Operation on your own device, such as a PC or tablet】

① Visit the following URL of the Sign-in screen for My Library.

※If you have not yet registered for an account, go to “Create GVIDO Account”.

Global URL: <https://www.gvidoscore.com/login>

② After sign-in to My Library, please click

“Register / Manage device” → “Device addition / Device code issue”

③ Type the “Name of Device” and click “Create Device code”

→Check the "Device Code" issued to you.

【Operation on your GVIDO】

④ Connect to Wi-Fi from “Settings” on the home screen of GVIDO device.

⑤ Tap “GVIDO Services” in the “Settings” screen and then "Register".

⑥ Enter the “Device code” you confirmed in step 3 to complete the registration.

2) Transfer Scores to GVIDO device from My Library

【Operation on your own device, such as a PC or tablet】

① From the "Transfer" , select the data you want to transfer (scores, writings or set lists), and then select "Add to Transfer List". Check the devices to be transferred, select "Add to Transfer List," and confirm that the process is complete.

【Operation on your GVIDO】

② After connecting the GVIDO to Wi-Fi, select "Download from transfer list in My Library" from "GVIDO Service" on the home screen, and when the corresponding score data is displayed in the My Library transfer list on the right side screen, select "Download" in the upper right corner of the screen to complete downloading to the GVIDO device.

GVIDO

3) Transfer Scores to your PC from your GVIDO device

【Operation on your GVIDO】

- ① From the "HOME MENU" of the GVIDO device, click/select the tri-colon / vertical ellipsis of the desired score you wish to be moved to the PC/Laptop or destination device then, click/select "SCORE INFORMATION".
- ② From the bottom of the "SCORE INFORMATION" screen click/select [Export to "PDF's from GVIDO" folder] next, click/select "EXPORT" from the sub-window then, select/click "OK" .
- ③ From the PC/Laptop or destination device open the sub-folder "PDF's from GVIDO", open the desired PDF file and proceed to printing the file from your PDF viewer software application i.e. Adobe, PhotoShop, etc

*** If your PC is a MAC**

You will need to download the application separately. Please confirm the following URL for details.

URL: <https://gvidoscore.com/support/download/dms-w1>
